“Steering Entrepreneurship & Startup Development in Animal Science Sector”

ABOUT ABI CENTRE

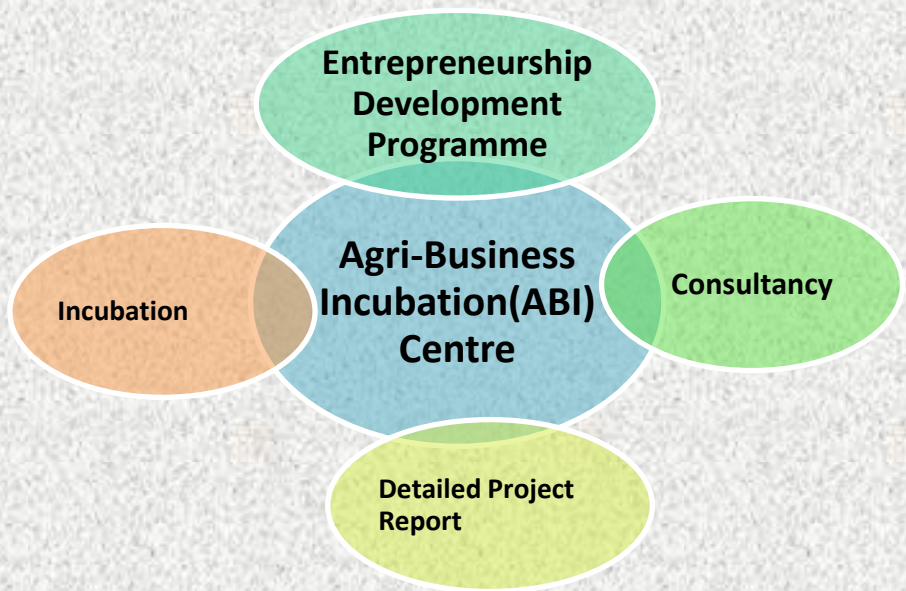

ABI centre at ICAR-Indian Veterinary Research Institute, Izatnagar is meant to create an ecosystem for start-ups and to facilitate entrepreneurship development in different areas of Animal science sector. Entrepreneurship development training programme (EDPs), Incubation facilities and further follow-up to create complete value chain in various sectors of animal science is the main focus of this unit.

OBJECTIVES

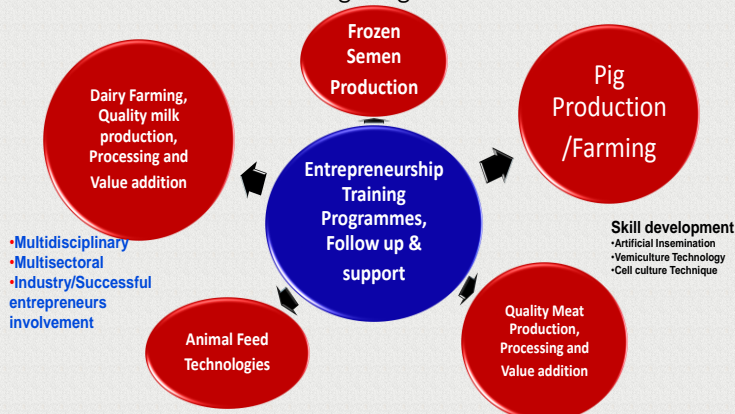

- To establish/transform agri-business Incubator centre as a leader in National Agriculture Research System(NARS) that would provide technology and skill up gradation, inputs supply and market support leading to promotion of viable enterprises and sustainable employment to entrepreneurs.
- To undertake last mile scale-up from pilot level of value chain in collaboration with stakeholders.
- To explore and support appropriate technologies including grassroots' innovations that are vital in future for an accelerated growth and competitive technological leadership.
- To impart training and capacity building to prospective entrepreneurs; generate value added manpower to compete effectively.
- To provide seed money support to potential incubatee/entrepreneurs taking up promising innovations or technologies.
