Distribution of certificates to winners of sports activities by Joint Director (Actg.), IVRI, Mukteswar

The theme of the kisan goshti was “Health management of livestock animal during winter season”. A total of 42 farmers of Darmoli and Jaspur village of Ramgarh block, Nainital district participated in the program. Dr. Sher Singh highlighted the contribution of IVRI in the livestock sector. He described the importance of backyard poultry in providing the nutritional and livelihood support as well as in enhancing the family income. Dr. Amol Gurav and Dr. Nitish Singh Kharayat, provided detail insights in the kisan goshti regarding proper care and management of livestock animals during winter season for maximum productivity. Inputs in terms of poultry feed and bio-fertilizer were distributed among the beneficiaries. The different queries of the farmers related to agriculture and livestock were answered by the expert panel. The programme was coordinated by Dr. Amol Gurav, Dr. Nitish Singh Kharayat, Dr. Deepika Bisht and Dr. Nidhi Sharma, Scientist(s) of ICAR-IVRI, Mukteswar campus.

Dr Triveni Dutt, the Director IVRI and Dr YPS Malik, Joint Director IVRI Mukteswar campus congratulated the staff and students on this occasion.
