MESSAGE

Greetings to Faculty and Alumni!

It gives me an immense pleasure to introduce this latest issue of the IVRI Alumni Newsletter. IVRI is an internationally known institute and its alumni are spread across the country and they are also faculty in many foreign countries doing excellent job. I consider newsletter as a powerful communication tool for enhancing and keeping the ties and relationship between the Alumni and the University. I would greatly appreciate to receiving your suggestions for activities for the Alumni group and I would be much pleased to learn about your achievements. I hope the newsletter will be a useful contribution to express our updates of the university and it would improve our networking and most importantly for us to keep in close touch with your notable achievements as our students. I hope our alumni can contribute to the growth of alma mater effectively. I would welcome your inputs for future newsletters. In modern era of information technology, I hope alumni and faculty are connected to each other through e-mails and social media.

I congratulate outgoing students for their successful completion of postgraduate degree and I wish them best of luck.

[R.K. Singh]
President
IVRI Alumni Association

Vision

Striving for excellence in innovative research, human resource development, technology generation and transfer of improved animal health, productivity responding to the needs of animal owners and lovers with acknowledged leadership among the world nations.

Mission

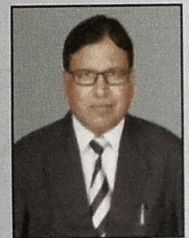

Undertaking pioneering research in veterinary and animal sciences with holistic approach, promoting high quality education and training, developing systems and technologies for better animal health care and production and their transfer to end users, functioning as an effective instrument for nutritional security, poverty alleviation and rural construction

Mandate

1. To conduct research, provide postgraduate education and transfer of the technology in all areas of animal sciences with emphasis on animal health and production.
2. To act as national referral centre for Veterinary Type Cultures, disease diagnosis, biologicals, immunodiagnostics, etc.

EDITORIAL

The relationship between teacher and taught in an institute is a relation to Alma mater in the name of Alumni. It is always a pleasant moment to visit or meet an alumni and this happens due to an emotional binding of brotherhood or sisterhood among students and faculty in an institution. Each of the student or alumni is a building block like a brick in foundation in the country. Talent acquired by alumni of ICAR-IVRI is internationally recognized and it is always a matter for pride to an institution, parents, faculty and alumni to hear good news about each other.

The purpose of this news letter is keep abreast about role of our alumni and faculty at home and abroad. This news letter may act as mass media communication to convey our message to alumni and students across the country and abroad about newer developments and changes taking place in emerging new horizons globally in many sphere of life. This publication would refer memories of alumni towards their expected role for the IVRI.

It is hoped outgoing students receiving post graduate degrees and awards during 9th Convocation will prove worthy of being student of IVRI-a premier institute of Animal Health.

Dr Rishendra Verma
General Secretary
IVRI, Alumni Association
